

## World Leaders and Global Finance:

### *Rebirthing a World that Works for All*

**Introduction:** Excalibur and his team of volunteers have compiled these Calls for you from recent dictations from the Radiant Rose Academy, to help us take our collective responsibility in co-creating a new world that works for all beings. These are highly relevant. During the past two years, the Company of Heaven has repeatedly sent messages about the unacceptable imbalance between the ‘haves’ and ‘have nots’ in most of the world. Data from international relief organizations indicate:

- Nearly 1/2 of the world’s population — more than 3 billion people — live on less than \$2.50 a day.
- More than 1.3 billion live in extreme poverty — less than \$1.25 a day.
- 1 billion children worldwide are living in poverty.
- According to UNICEF, 22,000 children die each day due to poverty.
- 80% of the world population lives on less than \$10 a day.
- Oxfam estimates that it would take \$60 billion annually to end extreme global poverty--that's less than 1/4 the income of the top 100 richest billionaires.
- The World Food Programme says, “The poor are hungry and their hunger traps them in poverty.”
- Hunger is the number one cause of death in the world. Malnourished people vulnerable to unethical, corrupt leaders.

Many people are shocked at seeing massive starvation on the news. We as students of the Ascended Master Teachings can be the voice for those who don’t yet have a voice. The following Calls for Divine Intervention will anchor God-Solutions into the consciousness of leaders, while restoring healthy economies as we give them momentum every time we repeat them in the coming months. These Calls also include a personal decree for the financial stability and protection of our student body, so that we can continue to be in service to the Divine Plan, fully supported with all our needs met, with Ease and Grace.

## Motivational Extracts

Beloved Maitreya (December 2014 Freedom Class): “Your world suffers, governments are involved in shenanigans, powers are misplaced in this world. The imbalance between wealth and poverty is obscene. Now, we must get to work!”

Beloved Maitreya (Diamond Heart Conclave August 2015): “Your Planet Gaia and your bodies have a direct correlation. Gaia, too, has a Higher Mental Body as each of you do. It is well you do not feel Her pain. It is well your Presence protects you from that. We do not desire you to feel it. Cataclysms will unfold in certain areas. We do everything We can that they do not happen in areas that are filled with great numbers of people. Some of these activities must unfold in this 7<sup>th</sup> Golden Age to bring certain purification in these areas, to clear and make brand new the space and place for what is to be lowered from the Ascended Master’s Octave. Do not fear this; you are protected; you are safe and secure in your Presence.

As you stay in the ‘stream’ of the two live decree teleconferences and (alternating Clarion Calls) every Tuesday of the month, then you are not going in and out, in and out. You are staying in, and then this Path of Resurrection becomes so much easier for each of you because the momentum is carrying you, because you’re not going against the Stream. Instead you are letting go and riding the Stream; you are just going with it now. That momentum of its own volition will carry you upon its wings of Light into your Freedom.

We deliver back unto you 60% of that energy and substance you have released through your calls and given unto Us!”

**Note to student:** more helpful excerpts are located following the Decrees.

#### **Tree of Life Class: 26<sup>th</sup> August 2015 – Father Asun (Speaking into the potential of a financial collapse):**

25.25 ... Again I'm going to end up with, keep developing yourselves spiritually. You've got to bring the Presence of God into your outer self because that Presence will look after you, it will make sure you have all the money and supply, it will make sure that whatever currencies the world chooses, the Presence will be able to manifest that right out of thin air. So the most important thing is keep developing yourselves precious hearts. And we're putting the pressure on this autumn ... let's start bringing the Christ energy through, let's start pouring it through, and let's start elevating, because if we can elevate your vibration of your mental and feeling body you are going to get into the Silence easier. If you can get into the Silence and you are open, then you have the onrush of your God consciousness rush out into

your outer consciousness. That is where you see everything being looked after, so what are you going to worry about money for, you have an infinite supply of money if that is what you need. Make the call 5-6 times a day: My Beloved Great God Presence, Mighty 'I AM', Great Ascended Host of Light, Master Jesus, Lord Maitreya, Lord Melchizedek, Queen of Light, Sanat Kumara, Mighty Hercules, Mighty Victory, BLAZE (3) Your Ascended Master Determination, Feeling, Power and the Victory of Your Sacred Fire Mastery into my feeling body and FILL (3) my feeling body with Your Ascended Master Determination, Feeling, Power and VICTORY of Sacred Fire Mastery that holds its VICTORY and DIVINE LAW and ORDER over any condition that I and my loved ones may be COMPELLED to face and BUILD and BUILD and keep BUILDING, not only my feeling body, but my ELECTRONIC CIRCLE. Keep repeating: 'I AM' ONLY SUSCEPTIBLE TO GOD!"

**Extracts from three Tree of Life Classes in October 2013**, that have relevance to our role as creator beings in supporting transformation

**Tree of Life Class 16<sup>th</sup> October 2013 Lord Asun – on the importance of holding vision:** “And a glorious good God evening to each of you, Asun is with you.. Would you like to know a little secret? ...Vision requires no detailing, but it does require one tremendous strong quality yet a strong quality that comes because you're spiritually illumined and you are able to embrace that quality, faith. Whether its vision for yourselves, for your lives, whether it's a vision that you have for your loved ones, your children, a vision that you have for the world, whether it is holding a vision that wise minds and courageous will and hearts will prevail in the economic rulers of the world,... that is a vision that doesn't require details, it requires your *knowing*...and all of you dear hearts you have a powerful ability to hold a vision for world leaders and to hold a vision in your own life.

I wish every one of you when you put the body into the sleep at night to ask your Higher Mental Body to come into your dream state...Your Higher Mental Body is exceptional in the area of vision, giving you a vision, having you see something in a dream state that has deep meaning to it. **This world will more change by the vision you have of it than by focusing in through fear.**

*“My Beloved Higher Mental Body as I place this body into the sleep tonight I invite you to speak to me in my dream state, speak to me in my dreams, advise me, tell me of everything you wish me to know not only for myself, for my loved ones, and all students facing the Light at this time.”*

**So now it's about each of you holding a vision, not of economic collapse, but of economic transformation;** not another world war, but a silencing and undoing of all weapons of war, of each of you holding a vision where your cities are safe, where each of you hold a vision where people who are homeless, (or live in

shacks) are (now) looked after better...This is a part of the Messiah Consciousness, this is the part of greeting the Christ in you, holding a vision....

**Vision is a part of the inner activity... and I'm asking you to set into motion two visions...**

Create a life wheel for this world...so what are the important things in this world? ...water and food, the powers of nature and the forces of the elements, world commerce, banking systems, feeding the children, security for women in this world, disarmament of all weapons of war, governments of justice and liberty... So you could create your six or eight point World Wheel. Once you have your World Wheel and then you go back to your own wheel. This is a milestone...you are powerful and capable of holding a meaningful vision that can make a difference both in your own life wheels and the world wheel that I'm asking each of you to think about.

**You are visionaries, you are gate keepers, you are opening the way for The Christ to come into this world.** You are opening the way for the Seventh Golden Age to come in. You, your 'I AM' Presence, the Christ of you, the Glorious God Being of you. This is not about the Ascended Masters coming into this world it's about God of each of you coming into the world. The Ascended Masters are on the foothills there to help you in the process...We make contact, but we've got to get more in touch with our creativity, more in touch with what's the vision...One word... **Perfection!**...What's your Highest Truth? 'I AM' Perfection...Yes. Never leave God unqualified. Qualify God into action, dear hearts. You're not the people who've come to do the hard work; you've come to do the inner work. You can change the world, you've done it *out there*, you're not going to do it out there anymore, you're going to do it all in your consciousness. In your consciousness you're going to know every Truth about every department of your life, you're going to know the Truth and you're going to allow consciousness to interface with the Impersonal I AM that is in the fabric of all life to bring your vision of perfection manifest fully. And then create the World Wheel and say, "these are the world conditions that most interest me; ending homelessness, preventing all war, the disarming of all weapons of war, the cleansing of the powers of nature and the forces of the elements..." whatever it is, right? So what's your vision for each of these areas? Perfection, transformation from a world of duality and calamity and collapse to a world of perfection...Generally miracles don't require time, they require vision and faith.

This is a world of duality. The world of the 'I AM' Presence is One Presence One Power One Intelligence...so this next stage also is about inviting, in your spiritual application, when you're driving off to work, when you're out for a walk, just internalize this... (inwardly affirming): *"I invite the individualized God Presence, the Mighty I AM Presence to be the only Presence Power Intelligence, the only Light and Love acting in my mind body and feelings."* Keep inviting that forth now,

because next year is a lot about declaration because you've got to have the declaration, the qualification, the knowing, the vision, then as the Christ emerges in you all of this has caused the human duality to fade away and your mind is a friendly place to the Incoming Christ that holds the vision for only perfection, and wherever you go everything that is sympathetic to your state of Beingness will simply be healed or restored to a state of perfection, that's what's coming ladies and gentlemen... God bless you dear hearts.

### **Tree Of Life Class Oct 23<sup>rd</sup> 2013**

The whole process for 2014, while in the world many things crash, chaos and unrest, and then the people start to rise up by hundreds of millions, all of you have one mandate before you, it's a little bit of Zen, it's a little bit of yin, little bit of yang, it's about staying in your spiritual consciousness.

What helps you stay in your spiritual consciousness? Well, do your spiritual application each day: (1) Enter into your decrees, (2) Call forth the protection, (3) Enter into the Sacred Fire as we're teaching you, and (4) Pray, meditate, make sure that you have that little bit of time set aside each day.

And then for the mass of the people in this world, YOU have to resurrect into your knowing and vision. So what is it that you know? What is your vision? What is it that you know is going to happen? You're a Spiritual Being, you know that everything wrong in this world is going to be exposed; you know that it's your Light and the Light coming from sources that's behind that exposure and you know why it's happening because it's broken and it has to be fixed, it must be re-birthed. So out of every crash, out of every collapse, what is it that you know? You're going to stay in your higher spiritual center and you're going to hold the vision and the knowing... *"These things must come down because our economy must be transformed, people must have jobs again, we must return our nations to great resource manufacturing nations, we must have great governments, small governments... These things must collapse because something better is going to come forth; a transformation is going to come forth. The people's hearts will be strong; the people will be fed by great strength from their own hearts. We the people will resurrect, we the people will rise and before the people of this Earth stand before their governments and demand the end of corruption."*

**Tree of Life Class – October 30<sup>th</sup> 2013 Father Asun instructs us on the severity of the world situation, and exhorts us to make the difference we are here to make:** "God bless you my precious hearts Asun is with you... Some day in the future the people of Earth will have an opportunity to look back on all the civilizations that have existed on this planet and shake their heads and with the realization, *"We just didn't know, we didn't know that we could help our planet, we*

*didn't know that there were powers upstairs, and Beings that we could turn to that could help stabilize things on the planet."*

Right now, of the seven billion people incarnate on the planet there are a few million people that know of the 'I AM' Presence, know of the Ascended Masters, know of the Angelic Host and know about their powers mostly the Sacred Fire. So, a few million people are talking to the 'I AM' Presence, talking to the Angels, talking to the Ascended Masters using their free will, using what they have been taught and rising up in their homes in their groups in their temples and are decreeing to the Ascended Host to release enough of the Sacred Fire to begin to balance the planet and all life upon this planet. So you've got a few million people that are doing this. Then you have a *mass* of people, you know, around almost seven billion, in which in that seven billion you might have another 500 million who are waking up out of their- what we call- willful blindness, in other words... *'I don't want to know about it, I don't want to know about it, don't talk to me about the fact that the ocean's broken, don't talk to me about the oil spills in the ocean, what can I do? What can I do? I don't want to hear these things. Don't talk to me about the economic collapse that's coming.'* And at the end of the day the big question will be asked, "Did you make a difference?"

**Asun speaks about the importance of calling for the minds of the people to be illumined....**At some point you can't just keep calling the Ascended Masters... the Angelic Host to stabilize your planet through the Sacred Fire, ...at some point the minds of the people have to be illumined so they start coming up with brilliant ideas for new civilizations that are not destructive? Doesn't there need to be more illumination in the minds of scientists and the people where they bring on the next level of invention so they stop using destructive things?...At some point there's got to be a break-away into something else and that's you precious hearts taking the time to demand that the minds of the people of Earth that they not be given a choice, that people's minds on earth be *compelled* to wake up, that the full force of the Cosmic Christ Golden Flames of Illumination come into the minds of *everyone* on Earth which will illumine them, they'll come up with wonderful ideas. But those ideas are not going to go anywhere, mind doesn't work by itself you know that dear hearts. Mind is balanced with heart and that's the Love... and the Rose Pink Flames charged into the people, the feeling body, will make the people feel more love and caring... So at some point we have to come up with something and I'm encouraging all of you to dream it, not think it just put it into your heart so let's see what your hearts do with this, because, you can stabilize the planet, you can heal the oceans, all these things, but if tomorrow people are going to come back and be just as destructive you're going to have to do it all over again. Do you understand what I'm trying to say? So at some point we've got to release the powers of the Godhead and the Ascended Host to illumine people's minds, get enough Love into

their feeling body so they stop being destructive, and get enough of the Violet Flame purifying their bodies so that they can really get on with living life.”

**“We must take our responsibility as Creator Beings.** You see precious hearts you’ve just got to wrap your mind around this one; you’re Creator Beings so that means any help that comes to you from Higher Power has to be directed by you because this planet was loaned to you; it is under your authority! The surface of this planet in the third dimension is not held under the authority of the Ascended Masters it’s held under the authority of the people who are living here, so you have to *invite* us, do you understand? Everything is going to count. You know you’re outside, you’re walking to work or the store you know, make better use of your time. You could be quietly saying, “God bless this planet, God bless the atmosphere, God bless the water element!” There is so much you could be doing precious hearts and you’re doing *a lot* - but We are going to need more. That is what it comes down to; We are going to need more!”
