INTRODUCTION: Why we are focusing on Afghanistan now: As Archangel Raphael recently shared, the Mother's Presence and the Divine Feminine is directly under attack and the entire country urgently requires Divine Intervention and global support.

Afghanistan is a strategic crossroads, the home of the Silk Road made famous by Marco Polo. Located in Central Asia, it is surrounded by India, Pakistan, China, the former Soviet Union, and Iran (formerly Persia). Because of the spokes going out from this hub in all directions, its impacts are widespread, politically, economically, culturally, and religiously. It's clear that, if you can make a difference here (albeit positively or negatively), it will radiate outwards, bringing instability, oppression and extremism OR love, mercy, forgiveness and enlightenment.

Understanding its strategic importance, for centuries conquerors have sought to control this land and its trade routes, including Alexander the Great, the Greeks, the Huns, the Persians, the Soviets, the Brits, the Americans, and most recently the Taliban and the Islamic Nation. The Taliban, an extreme group of religious scholars, have a strict code of rules and mores. Twenty years ago, when the Taliban controlled Afghanistan, women were not allowed to go to school or work, women were required to wear a burqa that covered them from head to foot, people were forbidden to listen to music or dance, men were whipped for not having beards at a certain length and much more. Soccer stadiums were turned into venues where soccer was not seen: only whippings and stoning.

With the U.S. withdrawal from Afghanistan, the Taliban has retaken control of the government and military there. Countries from around the world are frantically trying to pull out their citizens. The Taliban has been going door to door searching for those who fought against them and their ideals. This includes former translators, human rights activists, journalists, humanitarian aid workers, educators, government workers, and Afghan soldiers. Many have already been killed and others have simply disappeared. Schools are shuttered and women have been beaten for showing their faces. Posters of women have been defaced and music banned.

Today we've just learned the airport in Kabul has been closed again. Previously, it was because of the confusion and disarray, then a lack of places to send evacuees, and now violence. There are multiple Taliban checkpoints around the airport and those with valid papers have not been able to get in. Over the weekend, people standing in line outside the perimeter were trampled, shot, and beaten with clubs and chains. There is no food, water, or toilets available. It's over 100 degrees Fahrenheit and, through it all, the women are wearing burqas. The Taliban realizes there is money to be made out of this humanitarian crisis and is now asking \$3,000 (US) in bribes for

allowing people to approach the airport. Meanwhile, no foreign militaries are able to help people get to the airport or protect them outside the turnstile. They still plan to pull out August 31. The problems in Afghanistan are extremely complex and dire. The etheric record needs to be cleared of fear, oppression, persecution, and hatred of the Mother's Presence and the Divine Feminine. This is not a situation that can be resolved by the militaries and governments of the world; ONLY Divine Intervention.

HERE IS WHAT WE CAN DO! Mother Akasha has asked us not to be on the front lines (where many skilled people of the world already serve) unless we are so called. Instead, we were asked to serve spiritually behind the scenes, since so few people on Earth have been trained in the Art of Decreeing and can mobilize the Company of Heaven to Intervene. This makes a significant difference, since Afghanistan urgently requires global support and Divine Intervention that Decrees (below) will bring. Beloved Asun taught us to hold a Vision of Victory, while Mighty Victory encouraged us to sustain a Divine Feeling of Victory in our service on the Earth. Let us hold the vision that all good and constructive people in Afghanistan (especially women and children) are enfolded with Ascended Master and Angelic Protection, Courage, Will, Healing, Support, Provision, and Grace. Visualize the Afghans and foreign citizens being evacuated with ease and grace. A visualization has been provided at the end. The Great Ones will amplify our Decrees, visualizations and victorious feelings to manifest Miracles that are needed in Afghanistan at this critical hour. This is how you -- and all of us together -- will make the biggest difference!

(Silently if you prefer): Vision for Afghanistan

Beloved Asun taught us to hold a Vision of Victory, while Mighty Victory encouraged us to sustain a Divine Feeling of Victory in our service on the Earth. Let us hold the vision that...

- All is calm and peaceful in Afghanistan. There is a democratic form of government. Its constitution is by the people and for the people. There is freedom and justice for all.
- All good and constructive people in Afghanistan (especially women and children) are enfolded with Ascended Master and Angelic Protection, Courage, Will, Healing, Support, Provision, and Grace. They are safe, they are healthy, they are filled with joy.
- There is an abundance of resources and economic opportunities. Businesses are open and commerce flows freely.
- The land is fertile. The water is clean. There is enough food and water for all. And, there are ample ways to collect and distribute the water and food supplies.

- The peoples have safe homes with running water and electricity. There is ample space for all.
- Clean and safe classrooms are filled with boys and girls who are learning Ascended Master teachings. There are libraries, science equipment, sports equipment and computers. The children are playing together in playgrounds and soccer fields.
- There is music and dancing. Artists' work can be seen on billboards and posters and other public places.
- There is conversation between men and women. They look into each other's eyes with respect and compassion. They do not fear each other.
- People have forgiven one another for past hurts and wounds. The traumas of the past have been healed.
- The cracks in the Himalayan valleys, formed by earthquakes, have been filled with cosmic light substance; the land is stable.
- Afghanistan is at peace and harmony with its neighbors. Borders are open and there is a flow of traffic. All Afghans and foreign citizens who sought to leave the country were evacuated with ease and grace.
- The love and light that is filling Afghanistan is radiating out along the Silk Road with ease and grace, transforming all of the countries around it, as well as those with ties to it.
